

Theraplay[®] Supervision Groups

Led by Fiona Peacock
6 x 2 hour sessions

This supervision group is designed for people who have completed at least level 1 training in Theraplay and who are looking for Theraplay supervision to comply with the UK Best Practice Guidelines and Requirements

<http://www.wp.theraplay.org/uk/certifications-qualifications/best-practice-guidelines-and-requirements-for-the-uk/>

If you do not have access to regular Theraplay specific clinical supervision then these groups will 'top up' your regular clinical supervision in order to support you in maintaining your Theraplay Informed Practice Skills.

The group will meet 6 times and each session will last 2 hours. Two people will present cases in each session. You can either choose to present a case or observe. To present you will need to complete a session supervision form and email this to Fiona prior to the supervision, have consent from the family and the organisation you work for and be prepared to discuss your case in front of other group members. If you are enrolled on the practicum you can discuss with your regular supervisor whether this supervision would count towards your practicum.

There are no credits towards your practicum for observing cases but you will be able to learn new skills as well as give and receive support in your Theraplay Informed work.
